## Notes

Leader and colleagues may seek further advice regarding professional development from:

- their immediate supervisor
- the designated P&C Business Partner for their area
- P&C

## 2 Principles

- 2.1 Development is integral to a person's professional life.
- 2.2 Development of colleagues is integral to building the capability of Ara.
- 2.3 The initial focus of professional development is to ensure that colleagues are competent in the activities and responsibilities of their current position.
- 2.4 Professional Development at Ara will be undertaken in accordance with Ara goals, objectives, capability frameworks and Talent Growth Cycle. Colleagues can be directed to undertake professional development in the interests of achieving Ara institutional priorities.
- 2.5 Professional/capability development will enhance a colleague's career.
- 2.6 Professional development planning is the joint responsibility of the colleague and their manager through the Valuable Conversation and My Growth Plan approach.

## 3 Associated procedures for Ara Corporate Policy on: Professional/Capability Development

<b>Contents:</b>	3.1	General
	3.2	Work-Related Activities
	3.3	Volunteer Work in the Community
	3.4	Funding
	3.5	Planning and Recording

### 3.1 General

- a Professional development entitlements are specified in the colleague's employment agreement.
- b For proportional and tenured colleagues' professional development entitlements are provided in the year in which the leave is taken. For tenured part-time colleagues the amount of professional development time is determined by the number of contact hours completed as a tenured part-time colleague in the previous calendar year.
- c Individual colleague's professional development activities and timing should be informed and developed in partnership between the colleague and manager during Valuable Conversations and recorded in the colleague's My Growth Plan.
- d Replacement resource for professional development leave is not available as of right.
- e It is recommended that individual professional development goals will be informed by the appropriate capability framework. A colleague can be directed to undertake specific professional development when it is for the purpose of developing capabilities that are required to meet Health, Safety and Wellbeing and/or role requirements (e.g. Teaching Qualification), and/or contribute to the achievement of institutional priorities.

**All policies on the Ara website are the current version. Please check date of this hard copy before proceeding.**

- f More detailed information for managers and colleagues on these aspects of professional development, including templates for planning and reporting, are available in the *Talent Growth Cycle* resources on Waituhi.

### **3.2 Work-Related Activities**

To be deemed as professional development the activity must be work related in that it will:

- a Develop the colleague's capability in their current position.
- b Achieve Ara institutional priorities.
- c Prepare the colleague for a new or future position which develops their career and is of value to Ara.
- d Benefits Ara in any other way, for example, by developing capabilities which enhance the flexibility and value of the colleague as an employee.

### **3.3 Volunteer Work in the Community**

In accordance with Ara values, a colleague may use one (1) day of their professional development entitlement per year to take part in community volunteer work, under the following conditions:

- a The work will be for a community group or project in the Canterbury region approved by the line manager.
- b The date of the leave and the name and contact information of the community group will be identified in the colleague's Growth Plan.
- c The requirements of Section 3.5 (Planning and Recording) of these procedures apply, as they do to all professional development time.

### **3.4 Funding**

- a Collective Employment agreements specify the funding available for professional development activities. Other allocation/s may be made at the discretion of the employer.
- b Applications need to fit with divisional and departmental processes. Cross Institutional Professional Development budgets are set prior to the year beginning.
- c Ara has a policy to support colleagues in gaining higher qualifications where they are required by accreditation requirements or NZQA, legislation, industry, or professional associations. See the *CPP206 Financial Support for Higher Qualifications* policy on the Ara website.

### **3.5 Planning and Recording**

Professional development planning is the joint responsibility of the colleague and their manager through the Valuable Conversation and Growth Plan approach.

- a Colleagues and their manager are expected to develop and agree a Growth Plan each year with check-ins three to four times per year through Valuable Conversations.
- b New colleague's professional development planning and activities will begin on appointment informed by their Ara 90-day Induction Plan, the information gathered during recruitment and according to the appropriate capability framework.

**All policies on the Ara website are the current version. Please check date of this hard copy before proceeding.**

- c Once the needs of all the parties have been considered including entitlements and funding, and the Growth Plan has been recorded, any agreed leave will be recorded in accordance with the [CPP216 Leave Management](#) policy.
- d Progress and completion of the professional development activities as agreed in the Growth Plan will be reviewed and discussed between the colleague and manager through the Valuable Conversation approach and trial/probation periods, as relevant.
