

The background of the entire page is a vibrant Maori artwork. It features two central figures: a large, muscular man in the upper left, holding a long wooden staff or spear, and a smaller figure in the lower right, also muscular and holding a staff. Both figures are adorned with intricate Maori tattoos (moko) and traditional clothing. The artwork is set against a backdrop of swirling patterns, including a large red heart-like shape in the center, and various symbolic elements like a sun, a crescent moon, and a small figure in the top right corner. The colors are rich, with deep reds, oranges, yellows, and blues.

Disclaimer: The information contained in this Prospectus is correct at the time of production (September 2025). Ara reserves the right to cancel or postpone any of the programmes, and shall not be liable for any claim other than the proportion of programme fees that the cancelled portion bears. Some programmes may be dependent upon formal approval from NZQA (New Zealand Qualifications Authority), TEC (Tertiary Education Commission) funding allocation, and the number of enrolments. As part of NZQA's ongoing level 1-6 qualifications reviews there may still be changes to some programmes starting in 2026. Fees, programmes, entry and selection criteria, and dates, are subject to change. Please check the relevant programme pages at ara.ac.nz for up-to-date information and full entry requirements before applying to enrol. Information regarding English language requirements is available on each programme page at ara.ac.nz.

Kia ora, welcome to Ara Institute of Canterbury

At Ara, we believe in the power of education to transform lives and open doors to endless possibilities. We are dedicated to providing you with a world-class education that is both practical and innovative.

Our diverse and inclusive community is where you can thrive, forge lifelong connections, and acquire the skills and knowledge essential for success in your chosen field. Our students benefit from state-of-the-art facilities, industry-experienced tutors, and a strong emphasis on hands-on learning. We take pride in offering globally relevant programmes designed to nurture your ambition and prepare you for a dynamic future.

Haere Mai

Darren Mitchell
Executive Director,
Ara Institute of Canterbury

About Ara

Benefits of studying at Ara

You will be part of a friendly, inclusive community

Ara is a culturally and socially diverse community where you will enjoy a sense of belonging. You will be treated as an individual (our class sizes are small so your tutors will know you by name) and you will be supported with an extensive range of student services and specialist support staff.

Our qualifications are world class

Ara is a Category 1 institute, the highest rating awarded by the New Zealand Qualifications Authority (NZQA). All of our qualifications are NZQA-approved and recognised internationally. Ara graduates can be found working and making a difference around the globe.

Our tutors are experts

Our tutors come from industry and have years of on-the-job experience in their specialty area. They are committed to sharing their knowledge with you and inspiring you to achieve your study goals.

We focus on hands-on, real-life learning

Ara is known for its practical, hands-on programmes. You will learn in environments that mimic real workplaces and undertake some form of work-based learning like an internship, industry project or work placement.

You will be work-ready when you graduate

All that you do and learn at Ara will ensure your transition to the workplace is seamless and that you have the confidence and capability to contribute from your first day on the job.

What Ara means?

Ara is the Māori word for path or journey. It represents the learning process, the many pathways to success, and the routes and rivers that criss-cross the Canterbury Plains from the mountains to the sea.

The phrase 'Ara rau, taumata rau' translates to 'many pathways, many opportunities'.

Key Ara information

- New Zealand Government-owned
- Established 1906
- 97% of our graduates feel safe
- 13,000 students per year
- Over 1,000 international students (from over 50 countries) per year
- Approved provider for Pathway visas under the Immigration NZ pilot programme
- Small class sizes (average of 20 students per class)
- More than 150 study options

Our campuses

Ara has six campuses across the South Island. Most courses available to international students are taught at our City, Manawa and Timaru campuses.

City campus – Christchurch

Ara's City campus is a vibrant and dynamic place to study. Located in the heart of Christchurch, it offers a wide range of modern, purpose-designed facilities to enhance your student experience. These include state-of-the-art classrooms, a well-equipped library, a recreation center with a gym and sports court, and multiple on-site cafes and restaurants operated by hospitality students.

Manawa – Christchurch

Manawa is where we deliver nursing, midwifery and medical imaging courses.

Located within Christchurch's health precinct, it's a modern, purpose-designed building that boasts state-of-the-art facilities including high tech simulation rooms to enable practical, hands-on learning.

Timaru campus

Ara's Timaru campus is a modern and welcoming facility located just a short stroll from the city's CBD. It offers a range of services and amenities for students, including a library, gym and recreation centre. It also has a cafe and restaurant operated by hospitality students.

The campus provides career advice, learning services, student support advisors, and disability support services.

Our international student community in Timaru is very active, with an exciting schedule of activities and social events. It's a great way to get to know other students from around the world, meet New Zealanders and make friends.

Scan to view maps of each campus on our website.

Ara has a very supportive learning environment, especially for international students.

Irene Celino, Philippines, nursing

Living in Christchurch

Christchurch is the second largest city in New Zealand with a population of around 400,000 people.

It is a welcoming and inclusive city that celebrates diversity. With a vibrant mix of cultures, it offers a rich tapestry of cultural experiences, festivals and cuisines from around the world.

In recent years, Christchurch has undergone a remarkable transformation, emerging as a modern and dynamic city that blends rich heritage with cutting-edge architecture and sustainable design. It has a vibrant arts and culture scene, a brand-new multi-purpose stadium, numerous galleries and museums and world-class street art. It also has an efficient and user-friendly public transport network.

The city is blessed with many parks and recreation facilities. From the CBD it's just 20 minutes to the beach, or walking and mountain biking tracks in the nearby Port Hills.

Christchurch is perfectly situated to explore all that the South Island has to offer, from spectacular mountains, lakes, glaciers and national parks to spa towns and world-class wineries.

To learn more about Christchurch, visit:

christchurchnz.com/live

christchurchnz.com/study

Campus accommodation

Ōtautahi House is our student accommodation, right next to our City campus in central Christchurch. It is close to shops, public transport and everything that the city centre has to offer.

At Ōtautahi House you share an apartment with Ara students from around New Zealand and the world. Each apartment is modern, comfortable and well appointed. You have your own furnished room (with a bed, desk and drawers) and share a communal kitchen, bathroom and living space with your room mates. There are coin-operated laundry facilities in the building. Bathrooms are cleaned every day for you, but you are responsible for keeping your room and apartment clean and tidy.

Support for Ōtautahi residents is provided by a student advisor. House rules are based on consideration and respect for others to ensure everyone's academic success and enjoyment.

Scan to view accommodation
on our website.

Homestay accommodation

If it's your first time in New Zealand, we strongly recommend a homestay. This option provides a friendly, safe environment with a local family and is a great way to improve your English and experience New Zealand life.

Ara works with two trusted homestay providers – New Zealand Education Advisory Service (NZEAS) and NZ Homestays. All host families are carefully selected to ensure a welcoming and supportive environment. Homestay accommodation includes your own bedroom, laundry facilities, and most meals (two a day on weekdays and three a day on weekends).

You'll be matched with a suitable family, and a representative from your provider will meet you at the airport, take you to your homestay, and ensure you are settling in well.

You can stay with your host family for the duration of your studies, or move into other accommodation once you feel more settled and confident living in Christchurch.

(Homestay fees to be confirmed – please check with Ara for the most up-to-date details.)

ara.ac.nz/homestay

Buses

Christchurch has a comprehensive bus network which covers all of greater Christchurch with several bus stops close to the City and Manawa campuses. As an Ara student, you are eligible for discounted fares (at least half the price of standard adult fares) with a Tertiary Student Metro Card. You can check when the next bus will arrive by using your smart phone or device.

Find out more at metroinfo.co.nz

Cycling, walking and scootering

Christchurch has a mostly flat landscape, so walking and cycling are good ways to get around. There are many cycleways across Christchurch which can make your journey safer and faster. Across the city, you can also hire electric scooters and bikes.

Taxis and shuttles

Christchurch is well serviced by several taxi companies and Uber. There are also door-to-door airport shuttle services.

Living expenses

We recommend you budget \$1667 per month for living expenses including accommodation and general living costs.

Living in Timaru

Timaru is located two hours south of Christchurch and is home to 29,000 people. It has a large cargo and fishing port, and is a major service hub for agriculture.

Timaru's town centre is easily walkable with good shopping and an eclectic mix of cafes, restaurants and bars.

A feature of the city is Caroline Bay, a safe swimming beach which hosts the Caroline Bay Carnival – the longest running event of its kind in New Zealand – and one of the Southern Hemisphere's biggest children's playgrounds. There are also penguin habitats nearby.

Like Christchurch, Timaru enjoys easy access to beaches, mountains, lakes, rivers, native forests and open countryside. Activities you can enjoy in these places include skiing, snowboarding, climbing, hiking, kayaking, whitewater rafting, horse trekking, mountain biking, swimming, water sports and fishing.

In addition to active pursuits, there is plenty else to discover and enjoy in and around Timaru including artisan food producers, Māori rock art, wildlife encounters, markets, galleries, museums, public parks and gardens and a wide variety of cultural and heritage attractions.

Homestay accommodation

If it's your first time in New Zealand, we strongly recommend a homestay. This option provides a friendly, safe environment with a local family and is a great way to improve your English and experience New Zealand life. All homestay families are carefully selected by the New Zealand Education Advisory Service (NZEAS). Homestay accommodation includes your own bedroom, laundry and most meals (two a day on weekdays and three a day on weekends). You will be matched to a suitable family and a representative from NZEAS will meet you at the airport, take you to your homestay and make sure you are settling in well.

You can stay with your host family for the duration of your studies, or you can move into other accommodation once you feel settled and confident in Timaru.

ara.ac.nz/homestay

Buses

Timaru uses an on-demand bus service called MyWay by Metro which operates seven days a week throughout the Timaru urban area. Smart technology matches your ride with other passengers going the same way for efficient, shared travel and minimal waiting.

More information is available at timaru.metroinfo.co.nz

Walking and cycling

Timaru is compact and mostly flat with some gentle hills, so walking and cycling are good ways to get around.

Taxis

Timaru is well serviced by taxi companies and Uber.

Living expenses

We recommend you budget **\$1667** per month for living expenses including accommodation and general living costs.

If you live between Ashburton and Timaru, or Oamaru and Timaru, you can use our free weekday shuttle service to get to and from the Timaru campus.

Student support

Childcare

Quality care and education for children up to the age of five is available at our Christchurch City campus. There are two options: Ara Early Learning Centre and Te Waka Huruhurumanu ki Ōtautahi.

Counselling

Free, confidential counselling is available to all Ara students for any reason – from stress or course concerns to relationship difficulties, personal issues or anything else that might be worrying you.

Groups and clubs

Got a special interest? Our student groups and clubs are a great way to make friends with fellow like-minded students while doing something you enjoy. You can join an existing group – such as gaming, tramping, Rainbow, Japan club, poetry club or a faith group – or start your own with support from our student groups advisor.

Health, wellbeing and recreation

We offer a range of services and facilities aimed at helping you enjoy good health and wellbeing while studying with us. These include gym and recreation facilities, a health centre with GP and nurses, counselling, a nutrition clinic, an osteopathic clinic and fitness testing.

A healthy body can help create a healthy mind. At the City campus, you can become a member of our modern, well-equipped gym, take part in group fitness classes, participate in social sports or – if you're a more serious athlete – use our state-of-the-art facilities at The Zone to understand your fitness to improve your results. In Timaru, you can utilise the basketball court.

Learning Services

Our Learning Services team is dedicated to supporting you to complete your coursework successfully. They offer a broad range of study and support resources, plus group study opportunities, academic workshops and quick question sessions.

Library

Our libraries provide an extensive range of services and resources to support learning, teaching and researching. Physical libraries are located at the City and Timaru campuses and all resources are available online through Library Search. Librarian Support is available in person and via phone, email, live chat and Zoom.

International Student Advisors

Our International Student Advisors work to support international students studying at Ara. They can help you with a wide range of things, from adjusting to living in New Zealand to course and study-related issues.

Advisors can speak Chinese, Japanese and Nepalese. Other language support can be provided if required.

Student advocacy

If you're having personal difficulties – either at Ara or outside of Ara – which are affecting your study, our independent student advocate can support you and help you to problem solve. This free, confidential service covers everything from relationship issues with staff or fellow students through to helping you address challenges involving alcohol, drugs, family violence, housing and mental health.

Student events

Student life is never dull, with events occurring on campus throughout the year. These range from orientation and cultural events through to student-produced musicals, concerts and exhibitions.

Campus life is fantastic. I'm making more friends than I ever have before.

Johnathan Ng, China, quantity surveying

Levels of study at Ara

Our focus is on flexible study options. That's why we've created various ways for you to gain qualifications and advance your training. There are a variety of levels for you to study, depending on where you want your career to lead you. You might start at an entry level foundation course, or launch straight into a degree.

Ara really looks after its international students.

Harshvardhan Jamba, India,
engineering

Student exchange opportunities

Our Student Exchange programme offers the opportunity to enjoy another culture, gain life skills, broaden your employment opportunities and live the overseas experience, without interruption to your studies.

About Student Exchange

If your home institution is a partner institution and has an exchange agreement with us you can study here and pay tuition fees to your home institution. Depending on the agreement in place, there may be other costs you will need to budget for such as accommodation, insurance, and textbooks.

Semester 1: February - June

Semester 2: July - November

Nomination

You must be nominated by your home institution. Eligible degree level students choose to do either one or two semesters with us.

Depending on the agreement in place your study may be credited to your degree in your home country.

Scan to view the student exchange and study abroad programme on our website.

Study abroad in Aotearoa New Zealand

Explore the transformative experience of studying in Ōtautahi Christchurch, a living case study of a revitalised resilient city.

Our Study Abroad programme offers international students a transformative experience: to study in a revitalised and resilient city that has been rebuilt with innovation and sustainability in mind.

Our graduates and academics have played important roles in the city's rebuild. For students studying our engineering, architecture, design, business, technology and sustainability programmes, the city serves as a living case study.

Māori cultural principles such as manaakitanga (hospitality), aroha (respect) and whanaungatanga (kinship) underpin not only our teaching and learning environment, but also our campus' and our city's community spirit. For Study Abroad students, this provides a unique chance to experience and connect with mātauranga Māori, our indigenous knowledge system, values and views.

Animal Science

Establish yourself as an animal care professional.

If you have a compassionate attitude and you can relate to people who love animals, you will thrive studying one of our animal-related courses. You will gain extensive practical experience thanks to our excellent facilities on campus and the relationships our tutors have within the industry.

Bakery

Learn the skills, techniques and artistry required for a career in baking.

Professional baking is more than just making breads, cakes, pies, pastries and desserts. It is also about understanding the ingredients, the recipes and the science behind the process. As a baker you also need to know how to operate efficiently in a commercial food setting and be comfortable working in a fast-paced environment.

At Ara we can equip you with all these skills in preparation for a career in bakery. Our highly experienced tutors are passionate about sharing their knowledge and encouraging your creativity in the kitchen. They will ensure you graduate with skills and confidence, ready for an exciting career in the baking industry.

Claire Galbraith-Hewitt

Senior Tutor - Bakery

Claire has worked in the baking industry for 30 years, including in hotels in New Zealand and London. She has been teaching for 10 years. Claire believes in making every student feel comfortable and heard by understanding their individual needs. She treats international students as if they were her own children, showing them kindness and providing support and guidance.

Beauty Therapy

Learn how to help people look and feel their best.

Ara's beauty therapy, skincare and make up courses will equip you with all the skills and knowledge you need to embark on a career in the beauty industry. You will learn from expert tutors and gain lots of practical experience at our in-house salon which is open to the public.

When you graduate, you can take advantage of the range of career opportunities available in the industry. You could specialise in a particular treatment like electrolysis or facials, become a makeup artist for film and TV, work in salons and spas around the world (even on cruise ships) or start your own business.

Broadcasting

Give yourself the best start to a career on screen, on air or in journalism.

Consumption of news, entertainment and social content has never been greater. If you aspire to work in front of the mic or camera, or behind the scenes, the New Zealand Broadcasting School (NZBS) at Ara is the place to study. It is recognised as the premier national provider of applied education in broadcast journalism, television, film, digital media and radio performance and production in New Zealand.

Our programmes are hands-on and totally focused on career outcomes. You will benefit from studying in small classes with access to a wide range of broadcasting communication facilities and expertise. You will develop an ability to think broadly and critically about the media and the implications of new technologies, and you will have opportunities to gain real-world experience.

Engineering

Become a technically savvy innovator with the expertise to change the way the world works.

Engineering is an exciting career option that suits practical people with enquiring minds and the ingenuity to find practical and cost-effective solutions to technical problems. It is also a hugely diverse and dynamic area with exciting opportunities to invent, collaborate and make a difference – potentially on a global scale.

We focus on practical and applied engineering with the aim of preparing you for a diverse spectrum of employment opportunities, both in New Zealand and overseas. You can be confident that your qualification gives employers a clear signal that you have the skills, knowledge and practical experience needed to be effective in the workplace from day one.

Matt Ramezian Pour

PhD Civil & Environmental Engineering

Senior Lecturer & Department Research Leader Engineering

Matt has worked as an engineer in Australia, Iran and New Zealand. He has a PhD in Civil and Environmental Engineering, has been teaching for 11 years and won an Engineering New Zealand innovation award. Matt is passionate about fostering a deep understanding of civil engineering principles through hands-on learning and real-world applications. Matt says teaching international students excites him as it enriches the classroom with diverse perspectives, allowing the class to explore innovative solutions to global challenges together. His goal is to empower students to become environmentally responsible engineers who appreciate the cultural significance of water and sustainability.

Cheryl Stokes BA Applied Management

Senior Academic Staff Member – Food and Beverage Service

Cheryl brings significant industry experience to her teaching role at Ara, including managing restaurants and working as a drink design consultant. She has a degree in applied management and has been teaching for over 20 years. She has also been a World Cocktail Competition judge. In 2012, she was part of a group that won an Ako Aotearoa National Sustainable Tertiary Teaching Award. Cheryl loves her role at Ara, teaching the craft of cocktail making and seeing students grow in confidence and gain transferable skills like problem solving, collaboration and creativity.

Osteopathy

Learn how to use your understanding of the human body to help people overcome aches, pains and injuries.

Osteopathy is a form of manual medicine focusing on the body's structure and how various parts of the body – such as joints, muscles and connective tissue – function together. Osteopaths evaluate and diagnose patients and use their hands to treat aches, pains and injuries.

Ara is the only place in New Zealand where you can study towards becoming an osteopath. In addition to theory, you'll gain substantial, hands-on experience, including at our on-campus osteopathic clinic where you'll treat patients under the guidance of qualified osteopaths.

Scan to learn more about our
Osteopathy programmes

Emma Fairs MA Osteopathy

Programme Leader - Osteopathy

Before joining Ara nine years ago, Emma worked for 27 years in private practice within a large, multidisciplinary primary healthcare practice. She has assessed osteopathy programmes for the New Zealand Qualifications Authority and been the president of two professional organisations. She was also a member of the Osteopathic Council of New Zealand for 11 years and chair of the organisation for five years. Emma loves sharing her real-world clinical experiences with students to help them bring the theory of osteopathy to life in both the classroom and the teaching clinic.
